Kolkata, West Bengal

Focusing on a challenging career as a software professional, seeking a quality environment where my knowledge can be shared and enriched, and intend to build a career with leading corporates.

ACADEMICS

Bachelor of Technology (2020-2024) | Information Technology | Guru Nanak Institute of Technology |

CGPA – 8.95

High Secondary (2017-2019) | Debagram S A Vidyapith | 70.6 percentages

Secondary Education (2016-2017) | Debagram D K Girls High School | 86.42 percentage

PROJECT

1. Tech Online shopping-HTML, CSS & Javascript (Jan 2023- May 2023)

Tech Online Shopping Project, which focused on the virtual shop or delivery of orders to customers through this (C2B) website.

2. Rainfall Prediction System Using ML (Jan 2024 - May 2024)

The project “Rainfall Prediction System” uses Machine Learning to develop an accurate and reliable model that can predict future precipitation based on historical weather data.

3. Breast Cancer Detection (Jun 2023 - Dec 2023)

This project presents a comprehensive deep-learning method utilized in breast cancer detection, high limitations, and potential applications.

4. Suicide Prevention Chatbot

I developed a suicide prevention chatbot to offer immediate support and guidance to individuals in distress. I plan to enhance it by integrating advanced AI features and expanding accessibility to better assist users.
